From: Catholic Episcopal Corporation

RE: Porter Creek Gender and Sexuality Alliance Press Release on October 11, 2022

In a meeting between the Catholic School Administrators, Religious Education Coordinators, the Department of Education and the Catholic Episcopal Corporation, the idea of Mr. Christopher West being invited as a speaker for a catholic professional development event was suggested and put up to discussion to the group, as is the practice when discussing speakers for upcoming events.

There was no decision made to invite Mr. West and he was neither contacted nor booked by the Catholic Episcopal Corporation to speak at any event.
